VIBTEC

VIBRATECHNIQUES LTD

The UK's only one stop
Concrete vibrator shop

Vibration Solutions

PNEUMATIC INTERNAL VIBRATORS

Engineered with minimum moving parts

Simple precision construction,

No special tools required

Maintenance free rotor

high efficiency and centrifugal force output

Simple valve operation

In Line Lubricator fitted as standard

Wear parts produced in heat treated high quality steel

Highly competitive price

Available with 2 mtr, 4 mtr & 6 mtr hoses

Available with polyurethane noses

Available with American or European Coupling

British Built

Pneumatic Internal Concrete Vibrators
